

# Rancher's Gathering

**Brahman Sale**

---

**November 23 • 1:00 PM**  
**Caldwell, Texas**

Thank you for taking time to view the consignments in this premier offering of Brahman genetics. We are pleased to have 13 consignors that are dedicated to producing Brahman cattle that are acceptable in our current industry-cattle that can be used in a registered or a top end F1 program. I have personally screened almost all of the consignments and they are the kind of cattle we can all use in our programs. In addition to a group of long-time consignors, we have a grey herd dispersal of the Phillip Cattle Company. They have decided to focus on their red Brahman cattle.

I am extremely excited about the 8 Brahman bulls we have in the sale. Take a close look at these bulls and if you decide to take one or all of them home with you today, you will be adding performance and quality to your herd.

Make plans to come to Caldwell on Friday to view these cattle and join us for our social hour and educational programs beginning at 5:00 p.m.

Thanks and Gig 'em!

**-Milton E. Charanza Jr., Sale Manager**

Mitchell Charanza: 979-777-9955

## Auctioneer

Troy Robinett

## Terms and Conditions

Cash or check. Cattle will be sold to the highest bidder. The auctioneer will settle any bid disputes on the auction block. All cattle are to be paid for by the purchaser at the time of the sale. Cattle will not be released until after settlement has been made. Each animal will be at the purchaser's risk immediately after it is sold. Announcements made on sale day on the auction block shall take precedence over the information in this sale catalog or other advertising. We reserve the right to withdraw any sale lot that does not meet our specifications prior to the sale.

## Health

All cattle are in excellent health and evaluated on a health protocol by an accredited veterinarian in the state of Texas. Each animal will be accompanied by an individual health certificate for immediate interstate shipment.

## Breeding Guarantee

Bred females and pairs are considered breeders with no further guarantee. Open females are guaranteed to be breeders. If heifer is not pregnant by 30 months of age, she may be returned to seller and seller has six months to prove her as a breeder. If she is not bred after 6 months, a credit will be issued by the seller for a replacement of equal value. The bulls sold in this sale have passed a fertility test and are guaranteed by the consignors to be breeders, provided they are properly cared for and handled by purchaser. The bulls have been trichomoniasis tested negative. Any bull failing to breed after 6 months may be returned to the seller if in good condition. Seller reserves the right to try bull for 6 months. If he proves to be a breeder, he will be returned at buyer's expense. If the bull proves to be a non-breeder, a credit will be issued by the seller for a replacement of equal value. Seller is not liable for bulls lost due to injury or death.

## Hauling

Cattle hauling can be arranged. Contact sale management for more details, or speak to our sales staff when you check out after the sale. Charges are determined by the specific hauler's set rate.

129 starts off our bull offering and he is, no doubt, a good one. He is heterozygous polled with some of the breed greats in the top side of his pedigree. His dam is a full sister to the Maverick bull of England Cattle Company that BRC is also using in their program. 129 is a moderate bull loaded with red meat. He has an actual birth weight of 61 lbs. and a birth weight EPD in the top 10% of the breed. His marbling score is in the top 4% of the breed. This is a bull that is tailor made for those English cows. His F1 heifer calves will be moderate and the steer mates should grade well. Fertility and Trich tested.

130 is a half-brother to Lot 9. He has a little larger actual birth weight but a very acceptable birth weight EPD in the top 15% of the breed. This bull has more growth and performance but still has a marbling EPD in the top 5% of the breed. This dark pigmented bull has tremendous breed character and is perfect for today's beef industry. He is really sound in structure and is very complete. Fertility and Trich tested.

133 is a bull who has the potential to make some positive changes, not only in the Brahman breed but also in the beef industry. He is the complete performance bull. Genetically his breeding is impeccable. His performance numbers boast an actual birth weight of 85 lbs. but his birth weight EPD is a very acceptable 2.4. He measures above breed average in 9 of the 14 measured traits. He is in the top 25% and top 20% respectively in weaning and yearling weights. He is also in the top 1% for marbling. Take a close look at these numbers because they are very impressive. Fertility and Trich tested.

142 is a royally bred young bull that has a lot of potential. He probably needs to be used on Brahman or Brahman influenced females. He has an actual birth weight of 83 lbs. but his birth weight EPD is 3.4. His performance numbers are good but his carcass EPD's are exemplary; top 1% for carcass wt., top 3% for ribeye area and top 10% for both yield grade and marbling. If you are a serious breeder, you should consider making him a part of your program. Fertility and Trich tested.

Lot 41: BCC LADY DARLA 215/2

BCC Lady Darla 215/2 has the elite pedigree and functional build to work in any operation. The dam to Darla is our best cow, +Lady H Emma Manso 288/2, who is known for producing multiple high sellers and show champions, resulting in her being recognized as the #15 ranked Grey cow in the breed for lifetime Register of Renown points. 215/2 is sired by +JDH Sir Shank 51/7 who has also sired many show winners at the highest level. As you would expect from her pedigree, 215/2 is stout made, feminine in her design, and sound on her feet and legs. She has the pedigree to produce show winners, but was raised on a low input development program to be ready to go out and work. Selling exposed to our premier calving ease sire, JDH Hammer Manso 406/8, ABBA #905890.

Lot 42: BCC LADY 218/2

BCC Lady 218/2 is another daughter of +Lady H Emma Manso 288/2, and is sired by +Mr. H Elijah Manso 281/2. This is a really exciting pedigree combination as +Elijah and +Emma were both All-American Champions, +Elijah went on to be the 2015 International Champion, and +Emma went on to produce the 2018 International Champion, and both achieved the register of renown status. It comes as no surprise with this elite pedigree, that 218/2 also has a superior phenotype. 218/2 is soggy middled, big topped, and ready to go out and be an outstanding brood cow. Not only does she carry a lot of mass and substance, but she does it in a feminine and attractive package. This one will definitely be a sale feature that would be a strong addition to any herd. Selling exposed to an outstanding registered Hereford sire.

**Lot 43: BCC LADY 219/2**

A half-sister to our prior lot, BCC Lady 219/2 is also a daughter of the 2018 International Champion bull, +Mr. H Elijah Manso 281/2. The dam to 219/2 is Miss V8 490/7, another donor who has as good of a pedigree as anything in the breed, being sired by (+)JDH Karu Manso 800 and out of +Miss V8 464/6. This high-powered mating is exemplified in 219/2's EPD's, as she ranks in the top 10% of the breed for a whopping 11 out of 18 measured traits, including growth, carcass traits, and the \$Bull and \$Queen indexes. Phenotypically she backs this up with an extra shot of growth and power in a very feminine and attractive package. Selling exposed to an outstanding registered Hereford sire.

**Lot 44: BCC LADY DANI 244/3**

Our final female consignment may be our best yet in BCC Lady Dani 244/3. Dani is our youngest heifer at only 18 months old, but is cycling and has been briefly exposed to one of our young herd sires, Magic Murphy 601/3 (ABBA #1066610), a +Mr. V8 322/8 son. Dani 244/3, like lot 41, is also sired by +JDH Sir Shank 51/7, best known as the sire of the National and Reserve International Champion, Lady H Mae Manso 66/9. The dam of 244/3 is Miss V8 15/9, a young donor we purchased from V8 Ranch whose first daughter was purchased back by V8 to add to their breeding program – so that should give you immense confidence in the breeding value offered here. You also have to appreciate the balance, look and style of 244/3, with the pigment that everyone loves. Don't miss out on this one.

Miss SNS Chiles 132/3 combines the carcass qualities of Omaha with the show ring genetics of Miss Ellis 920/7. She is a classy, straight-topped heifer who will make an excellent replacement with an EPD in the top 25% for REA and tenderness and top 10% for marbling. She goes back to Karu 800 multiple times on the top and bottom of her pedigree. If you are looking to inject carcass qualities in your herd, this is one to consider. This heifer sells open.

Miss SNS Laura Kate137/3 is right out of our keeper herd. She is sired by Mighty Mouse, a former reserve national champion bull and the most consistent sire we have ever raised. Her dam is a Miffany daughter and these genetics are simply not available any longer. Omaha is the sire. He keeps producing calves for the show ring with outstanding carcass qualities. 137 is correct with femininity, bone, muscle, and pigment. This heifer sells open.

Here is the one you have been waiting for. Miss SNS Lolita 138/3 is the only heifer in the sale sired by Mighty Mouse. 138 has tremendous depth, muscling, and bone while maintaining a feminine appearance. Her dam, Miss SNS Kayson 975/8 is a daughter of JDH Saxon, a flushmate of Miffany. You can see a pattern here - one of a kind genetics. Lady H Kelsey Manso 565/4 is a large framed, attractive former show cow and donor that we purchased from Heritage along with RB Ranch. This heifer sells open.

**Lot 58: LMC LF POLLED MUNECA 37/7 (S)**

37/7 is a smooth polled, very gentle cow with a picture perfect udder. She has been a never miss, except for having all bull calves except one. She offers a star studded pedigree of LaMuneca, J.D. Hudgins and V8 genetics. Her long, elegant front ties into a big flat top. 37/7 has big, sound feet with an easy keeping moderate frame. Bred to BRC Tugboat Captain 125 ABBA #1026884, our Polled Captain son out of Polled National Champion 100/7 cow, bred and co-owned with Rachel Cutrer.

If you're looking for a moderate framed, really gentle one, that may be the most efficient young Brahman we have ever seen, here she is. We weaned one of the biggest spring heifer calves from her about a month ago, which was her second calf. She's bred back to our Polled Captain X 100 son for her third calf due next spring. She is sound, easy fleshing and handling. Excellent performance, maternal and marbling EPD's.

50/5 has been a part of one of our favorite cow families ever in the Brahman business. One of the true cowmen we have known for generations, Sloan Williams, produced her mother 545/6, that produced our sale topping pair of heifers in Houston several years ago. 50/5 is dark pigmented, extended fronted, very long, level flat hipped matriarch. She will breed red if you like. We are keeping her best red, polled daughter to carry on the family. This cow is made for the long haul with her unique Hudgins and V8 pedigree. She sells bred to Polled BRC Tugboat Captain 125 ABBA #1026884.

"Speechless" as this phenomenal cow has been known in our program since her very competitive show career. Here's the longest bodied, most extended fronted, widest based female we are offering. Her massive rib and strength compliment her huge perfect udder. We have produced and kept polled grey and red embryos and offspring. Her RWT Relentless bull calf recently weaned is likely the heaviest muscled and boned we have raised to date. She bred naturally to Polled Tugboat Captain 125 ABBA #1026884 on 11/6/24. If she comes up open for the new owner, we will provide 2 straws of semen from any of our herd bulls for use on her. Great, doesn't miss brood cow!

Smooth Polled Lady Pursuit is most likely PP, coming from both perfectly slick headed parents. She is a big footed, big bodied sound heifer that is still feminine and elegant. She is good cattle! For those pedigree enthusiasts that talk about lining up on certain bulls, we will let you study that. We would rather ask you to study how many "Great Females" have the same "Great Cow" twice in their three generation pedigree. How about polled donors like Passion, Madonna and 510/6? What about her PP calf sired by Polled Tugboat Captain 125 ABBA #1026884 that will have another dose of Polled National Champion 100/7 and 510/6 due next year? Please give us the first opportunity to marvel at and buy this unique genetic combination.

Lot 65: MISS S2 394/1

Here is a really hard one to sell. 394/1 is a huge bodied, elegant fronted, massive female. She is big footed, wide based and easy keeping. Her dark pigment and excellent breed character allows her to be bred grey, red or even black. Her V8, Hudgins and Jeffcoat rich pedigree with multiple Brahman legends even traces back to one of our friend, Max Watts Suva 203 daughters. It is rare for an old show heifer with a successful career perform as well or better in the pasture. Look at her picture, she would rather be converting grass to the next great herd bull or show heifer than to just pose. Bred to BRC Polled Tugboat Captain 125 ABBA #1026884 on 11/5/24. If the new owner finds her open, we will provide 2 straws of semen on any of our bulls for her.

Lot 66: MISS M2 570/1

570/1 is an incredibly gentle, donor cow, breed matriarch with a storied past. Along with a very successful show career herself, PCC Back to the Future 570/0 was her first natural calf that became the International Champion Grey Bull calf. We have produced multiple embryos and successful polled calves from 570/1 as well. Though produced by our friend Steve Martin of Wichita Ranch she sports an almost straight J.D. Hudgins pedigree that traits back to the National Champion Marri Holly cow among others. She has continued to out produce herself as evidenced by her powerful relentless heifer calf we just weaned that we believe could be better than her half sister Fearless Vision, the 2024 Houston Livestock Show Junior Show Grand Champion. This cow is just as happy natural calving every year. She is bred to Polled Tugboat Captain 125 ABBA #1026884 on 11/5/24 and our same offer applies if she comes up open at your house this fall. We will provide 2 straws of semen free of charge.

Lot 67: MISS V8 634/8

Elegance, Power and Pedigree in a moderate sound brood cow. We love her extended, sexy front end. Her extra length, muscular top and hip are complimented by her extra body width and depth as well. She offers a beautiful udder that comes from stacked generations of V8, Hudgins and Watts bred greats and show ring winners. 634/8 has been another bull producing cow that will also breed red. Safe in calf to BRC Polled Tugboat Captain 125 ABBA #1026884.

LMC LF Polled Pursuit 195/7 (P) - Sire of Lot 68

Smooth polled, very dark pigmented, moderate framed and very gentle former show heifer offered here. This young female combines performance in a strong maternal package. Her pedigree sports numerous international champions including but not limited to – Polled Passion, JDH 840, Elmo and Charley, Maddox and Lisa 947/7. Sadly, earlier this fall she lost her second calf, what looked like a stout, polled bull calf, because she calved too close to the creek. She has not recycled yet, but we will provide 2 straws of semen from any of our herd bulls for her when the new owner is ready to breed her.

**Lot 69: MISS M2 NEW LOVE 718/1**

New Love, named after Wynonia Judd's hit, offers some powerful Brahman breeding pieces. Phenotypically she is a show-stopper with her extended, elegant front; long, massive, wide and level top. She is athletic and cocky as well as wide and sound in a modern Brahman look. Pedigree highlights include the world famous Noble as her sire and her dam is the same 469/7, JDH Avery x Marri Holly cow as the 570/1 cow, making them maternal siblings. This young donor probably has one of the biggest, most perfect udders in the breed. Sadly, her second calf, born this spring disappeared the first week. It was a stout viable bull calf that could have been taken by coyotes, hogs or a mountain lion. We have lost some in the past the same way, viable, strong and nursing one day and gone the next. New Love sells bred to BRC Polled Tugboat Captain 125 ABBA #1026884. This female is another one that is not a front yard cow but definitely a front pasture cow!

**MR. V8 191/7 - Sire of Lot 70**

815/9 is the picture of the modern American Brahman. She is moderate framed, huge bodied, sound footed, offers excellent breed character with a sexy, sleek front end. Maybe not one to go pet in the pasture but admire from the pickup for her striking look and beautiful udder. Sired by International Champion V8 191/7 with other notables such as Charley more than once as well as Avery, Liberty, Karu and Suva as well as the great 464/6 cow and an outcross Polled Foundation. She weaned the heaviest smooth polled heifer in our spring calves and sells bred back to BRC Polled Tugboat Captain 125 ABBA #1026884.

Our Red Brahman breeding program has really been successful the last several years including the production of the Grand Champion Red Female the last two years in a row at the All American. As a result, we are always asked about selling more mature red cows. Here is Morning Star, a big, strong, long level, sound cow with a quiet temperament. Her dark red color comes from her straight red pedigree. Sired by HK ESPN, an Xray son, she boasts many well known 3X and HK legends. She raised one of the biggest smooth polled bull calves this summer and is bred back to BRC Polled Tugboat Captain 125 ABBA #1026884.

Cinnamon is one of those combination females that you hate to see get on the trailer. A moderate framed, huge bodied cow that is sound and easy keeping. Her dark red color stems from some of our breed favorites, Sting Ray, Winchester, several doses of Passport as well as other Santa Elena, K Bar, 3X and HK greats. She has a beautiful udder and has never needed nursing help. Her polled BRC Tugboat Captain 125 ABBA #1026884 calf could be the right kind. Call us if it's a heifer.

Lot 73: MISS JS POLLED ROUGE 991/1 (P)

991/1 actually could be the dark red, smooth polled cow that could live in your front yard or maybe move in with you. Seriously gentle, spoiled competitive former show heifer that is another efficiency machine. She is moderate framed, sound structured, flat backed and has excellent red Brahman breed character. She has an udder design that could last for another 20 years. Oh and don't forget we mentioned that she is perfectly smooth polled. She has already settled AI twice in her young life. We just weaned a good dark red Winchester 999 son from her and she is settled AI back to Mr. Chaparral 192 "Pacquian" ABBA #1031497, the big, dark red Pasco 812 son from the famous Chaparral 114 cow. Another baby we would like to follow up on.

Lot 74: PCC SOLID ROCK 644/3

PCC Solid Rock 644/3 is the best grey breeding age bull we have raised to date! If you need a huge, sound footed, wide based, attractive one – here he is. As we continue to develop our kind of cattle, it is getting more and more important to breed complete, fault-free, athletic cattle that can reproduce efficiently with little or no assistance or difficulty. Solid Rock represents that philosophy. Combine that with the fact that he is dog gentle, has been and could continue to be competitively shown. He is sired by our legendary JDH Liberty son, Cornerstone. His mother is arguably our best cow to date, Miss V8 644/8, better known to us as "Shameless" our Noble daughter that topped a V8 sale years ago who became the undefeated pair at all the Texas majors that spring with her heifer calf at side, Timeless, also Solid Rock's full sister. Also noteworthy is that Timeless is the dam to Fearless Vision, 2024 Houston Grand Champion Junior Show winner for Kiley Florence. Phillip Cattle Company would like to reserve the right to collect 200 straws of semen at our expense for in herd use along with AI certificates. This one is just good cattle!

570/2 is a heifer that has productivity written all over her. She should be a sale day favorite. Phenotypically perfect in her design and a maternal standout. She is moderate in her frame and can add that extra growth and performance to your herd. She charts positive for 10 of the 14 measured traits. Her EPD's are in the top 3% of the breed for milk and top 30% on all carcass traits. Take notes on this female.

An outstanding opportunity here in the next 2 lots, as we're offering you the opportunity to purchase flushmate full brothers who can add quality and uniformity to your calf crop. The first is BCC Mr. Deuces Wild 222/2, a coming 2-year-olds who is sired by +Mr. V8 933/7, the 2019 V8 Ranch bull of the year and the #1 bull in the breed for weaning weight and top 1% for yearling weight. Their dam is BCC Lady Emma Manso 28/6, a granddaughter of +Mr H Maddox Manso 684, who consistently produces standout calves. 222/2 stands on a massive set of feet and legs, is deep sided, and has that dark pigmentation that is incredibly popular. 222/2 has a moderate birthweight EPD, but an actual birthweight that is higher, so he would be recommended for use on American influenced cows.

The second full brother we're offering is BCC Mr. Pendleton 223/2, a spitting image of his flushmate in the prior lot. 223/2 is also sired by +Mr. V8 933/7, whose elite performance we discussed above, but is also known for the demand for his genetics, with a daughter selling for \$108,500 to his credit. 223/2's dam is BCC Lady Emma Manso 28/6, a moderate framed cow that has been tremendous in production. Of the 2 bulls, 223/2 may be slightly more moderate framed with a shot more length and levelness down his topline. He still carries that dark pigment that's in high demand and gives a really attractive look from the profile. 223/2 has a moderate birthweight EPD, but an actual birthweight that is higher, so he would be recommended for use on American influenced cows.

This heifer should create some excitement. She is a big-bodied female that offers tremendous natural skeletal width and thickness. She is moderate in frame and should be one of those easy keepers. Her pedigree is outstanding and phenotypically she is ideal. She measured 3.5% adj. IMF and is in the top 2% of the breed for marbling. She can definitely fit at the top of any herd.

You talk about feminine. This sleek long bodied female is extremely eye appealing. She is really long, flat hiped and clean in her underline. Her adjusted IMF was 2.99% and her marbling EPD of 17.95 is in the top 1% of the breed. A female like this is a very interesting breeding piece. The options are limitless. Study her because she puts together a lot of the pieces of the genetic puzzle.

This consignment from Magic Ranch should be a sale favorite. She is a really moderate framed, massive ribbed and easy keeping type heifer. She is level in her top and flat hiped. Study her pedigree and look at the sires that are represented in it. If this is not impressive enough, study the females in her pedigree because they are equally as impressive. She is also extremely gentle. She sells open ready to breed.
